Donations to ACE school

The Tri-Counties Sheet Metal and Air Conditioning National Association and Sheet Metal Workers Local Union #273 have donated funding for Camarillo's Architecture, Construction and Engineering Charter High School.

On Feb. 14, Steve Reno, president of the sheet metal and air conditioning association, and Steve Sweeting, business manager of the sheet metal union chapter, presented a \$3,100 check to ACE school administrators. The funds will be used to purchase shop materials at the school.
